I get 3 months free membership

I sign up for a membership of the Association of Dutch Cabin Crew (VNC) and agrees with the contribution of 0,75% of the gross monthly salary (rounded off to whole euros) per month, and the retention of 1 JV (1 holiday) per 5-6 years. I give authorization to the Accounts Department of KLM to deduct the mentioned contribution of my salary and hand it over to the VNC (until statutory termination).

As a result of the automatic collection of contribution via the salary administration, we have to share some of your data with the employer.
